***District Office ~ Board Conference Room***

Meeting began @ 7:15 p.m.

Members present: Richard Antoniello, Bernadette Burns, Steve Gellar, Annmarie LaRosa, Kevin O'Connor, Anne Rullan

Others present: Scott Brady, Paul Michaluk, Ronald Maginniss

Instructional & Information Technology Update

Mrs. Reanna Fulton, Director of Technology provided the committee with an overview to the IT Department and updates to our program. Mrs. Fulton shared the status of the district's 1:1 device deployment initiative, professional development, maintenance cycle, software upgrades, and enhanced communication. A new ticketing system has been put in place that tracks the need for technical support and requests for equipment or new programs. Mrs. Fulton chairs the District Technology Committee which has reviewed and recommended the new JTouch panels, styluses use with Chromebooks, Nearpod, WeVideo, and a review of updating the keyboarding program for grades K-5. Additionally, we have five staff members who will be presenting their work at the (Association of Suffolk Supervisors for Educational Technologies) or ASSET Technology Conference.

Meeting adjourned at 7:50 p.m.
