205

00:19:47.190 --> 00:19:48.360

Tom C: Education agreement.

206

Board of Education Regular Meeting 6/11/20

00:19:50.040 --> 00:20:07.860

Tom C: Met on the 10th of June, and 0830 by telephone, {UNINTELLIGIBLE}, Mrs. Dowling, Miss {UNINTELLIGIBLE} of myself. Review the district's scope nature in scope for special education programs by student and building, and we also review the special ed budget.

207

00:20:08.940 --> 00:20:17.010

Tom C: And reviews were completed in high school and somewhat done by Google and parents seem to like that a lot better because it, then that's come to class and

208

00:20:17.460 --> 00:20:23.430

Tom C: Into school and get that thing done. So it's a lot better. So it's actually working better far as that goes. And that quickly. That's it.

209

00:20:26.640 --> 00:20:27.000

Steve Gellar: Hello.

210

00:20:29.190 --> 00:20:31.980

Steve Gellar: Annmarie LaRosa will discuss the meeting of the Education Committee.

211

00:20:35.190 --> 00:20:36.000

ann: Everyone

212

00:20:37.230 --> 00:20:40.380

ann: OK, so the Education Committee met this evening.

213

00:20:40.560 --> 00:20:41.550

Board of Education Regular Meeting 6/11/20

ann: via our zoom

214

00:20:41.580 --> 00:20:50.880

ann: Meeting committees earlier present where everybody on the board, except for Mr. Maginniss. It's not here yet, right, wrong or were you here.

215

00:20:53.340 --> 00:20:53.700

ann: Um,

216

00:20:53.880 --> 00:20:54.450

Steve Gellar: It was there.

217

00:20:55.020 --> 00:20:58.290

ann: You are. Oh, you were there, right, because we discuss some interesting

218

00:20:59.220 --> 00:21:07.890

ann: Facts, we discussed the district plan for special education students, {UNINTELLIGIBLE} submitted the required by annual district plan for special education students

219

00:21:08.220 --> 00:21:13.980

ann: An overview of the plan was provided to the Board of Education special education committee on Wednesday, June 10

220

00:21:14.940 --> 00:21:25.530

ann: The plan overviews the continuum and scope of services available for special education students information related to the professional staff available to providing such services.

221

00:21:26.340 --> 00:21:34.350

ann: Data related to the special education budget and other relevant information related to the education of West Islip special education populations.

222

00:21:35.430 --> 00:21:53.490

ann: The second item. We've discussed was the special education for extended your summer services. There are approximately 1772 special education students that have met the criteria for special education extended school services, there is a virtual program that is currently in place to address.

223

00:21:53.880 --> 00:21:55.410

ann: Some of the learning needs for

224

00:21:55.410 --> 00:22:04.860

ann: Students and we are currently exploring and waiting for notifications, whether West Islip students can attend in person.

225

00:22:06.210 --> 00:22:14.550

ann: Extended your services provided by the placements indicated on their IPs. There are a lot of missing moving parts to this issue.

226

00:22:15.300 --> 00:22:23.160

ann: Some of you may know that the governor had an executive order that stated that special education students can start receiving

227

00:22:23.430 --> 00:22:33.630

Board of Education Regular Meeting 6/11/20

ann: In person classes over the summer. If the school districts are willing to provide. So we are exploring different options typically West Islip would send their students to

228

00:22:34.410 --> 00:22:42.360

ann: Cooperating school districts for summer services. And so we are in the process of finding out if those placements are available to us.

229

00:22:43.380 --> 00:22:52.260

ann: If they are not, then we are exploring doing programs in the district ourselves, but there are many different hurdles that must be overcome.

230

00:22:53.220 --> 00:23:10.350

ann: Namely staffing, the program with teachers to try and have teachers come in and work which may be challenging and host of other issues. So I guess to be continued on how that's going to look. By July.

231

00:23:11.610 --> 00:23:25.650

ann: We discussed the AP exams update 579 AP exams are recently taken over a two week period by our high school students approximately 30 students encountered some type of technical difficulty with the submission of their exams.

232

00:23:26.280 --> 00:23:36.570

ann: The difficulties experienced by the students in West Islip are similar to those that students nationwide experienced during the testing time period. Due to technical glitches in the College Board system.

233

00:23:37.710 --> 00:23:44.700

ann: Mr Gilmartin collaborate with the College Board to resolve all issues and to the satisfaction of students and the parents.

234

00:23:46.320 --> 00:24:02.910

ann: We have instructional planning committees at the elementary, middle school and high school level. These planning committees have been established to plan guidance, subject to the guidance of SCD for the various instructional scenarios that may take place in September, for the

235

00:24:04.350 --> 00:24:05.160

ann: School year

236

00:24:09.630 --> 00:24:10.170

ann: Here.

237

00:24:12.210 --> 00:24:19.710

ann: So the committee is going to take place throughout the coming weeks, and we will discuss different ways that the children can

238

00:24:20.460 --> 00:24:37.470

ann: Or the staff, the children, the community at large can re enter the school system, based upon the recommendations from both the Health Department SEC, and the governor's office. And so this is really just an ongoing discussion that has not no resolution, as of yet.

239

00:24:40.050 --> 00:24:49.050

ann: The next item was the dimensions professional development for great for the math program currently utilized for the K three students will expand it to great for the

240

00:24:50.190 --> 00:24:58.080

ann: School year for professional development sessions have been scheduled for the fourth grade teachers, between now and the start of the new school year.

241

00:25:00.780 --> 00:25:10.830

ann: And those professional development sessions will provide background knowledge in regards to philosophy, the program and the support of the standards.

242

00:25:12.600 --> 00:25:14.130

ann: A little lions program.

243

00:25:15.240 --> 00:25:17.460

ann: Which is a program established

244

00:25:18.900 --> 00:25:25.380

ann: In partnership with our high school students who are interested in working with early childhood education.

245

00:25:26.400 --> 00:25:41.310

ann: Maybe path forward for a future education has, you know, we offer this program where our four year olds can go to the high school, they can participate in this mentor program with the high school students.

246

00:25:42.030 --> 00:25:52.890

ann: Working one on one, the high school students get to understand what it means to work with small children and the children benefit from having, you know, a support system and getting ready for kindergarten.

247

00:25:53.730 --> 00:26:08.100

ann: Unfortunately for the year we're going to need to suspend that program due to the ongoing conflict with COVID 19 so we will not be running little lion, sadly, for this coming school year.

248

00:26:11.100 --> 00:26:15.060

ann: It does not impact Pre K classrooms. Right. Mrs. Morrison.

249

00:26:16.920 --> 00:26:22.290

ann: Yes. Okay, so is strictly just the program, whether those kids go to the high school to work with the

250

00:26:23.400 --> 00:26:30.060

Dawn: Director and as of now it is postponed, and should we be able to get it up and running, we will notify the community.

251

00:26:30.330 --> 00:26:32.640

ann: Okay, and we're going to be offering the high

252

00:26:32.640 --> 00:26:33.600

ann: School students

253

00:26:35.340 --> 00:26:37.920

ann: An alternative to working directly with children.

254

00:26:38.250 --> 00:26:39.120

Dawn: Correct, yes.

255

00:26:39.150 --> 00:26:52.290

Board of Education Regular Meeting 6/11/20

ann: Right, okay. I mean, we're fortunate that, of course, we do have, you know, Pre K in the building, maybe kindergarten, maybe that can be some visitation. If the safety issues allow

256

00:26:52.350 --> 00:26:58.230

Dawn: For that Mr Grover, and Dr Bridgeman are working through some of those scenarios at this time.

257

00:26:58.650 --> 00:26:58.950

Okay.

258

00:27:01.140 --> 00:27:06.990

ann: And that's it for our education committee meeting that's. Thank you.

259

00:27:07.530 --> 00:27:08.700
