

Using the New Cafeteria Point of Sale System

Using the keypad

To enter your PIN (student ID) number on the keypad:

- * Know your 5 or 6 digit student ID
- * Use the number keys to enter your PIN (student ID), then press **ENTER**
- * If you enter your PIN ***incorrectly***, the keypad will beep **twice**. Repeat the first step.
- * If you enter your PIN ***correctly***, the keypad will beep **once** and your name will appear on the ***keypad screen***.

NUTRIKIDS® IDR2 Key Layout

Students can practice by entering your PIN by using the sample keypad layout

Using your student ID card

- * If you have a student ID card, you can use that instead of entering your student ID number.
- * The scanner at the register will be able to read the barcode on your ID card.
