

Legislative Action Committee Meeting – November 2012

The Legislative Action Committee convened at 7:30 p.m. in the District Office Conference Room on November 20, 2012.

Legislative Action Committee members present: Mr. Brady, Mr. Gellar, Mrs. Crudele, and Mr. Miller

Other Board Members Present: Mr. Maginniss

Administrators present: Mr. Simon

The group discussed various issues that it might address, including distribution of state aid, homestead rates throughout Islip, unfunded mandates, and APPR.

It also considered different approaches to getting the message out, such as letter writing, press conferences, and meetings with legislators.

The committee decided to pursue a multi-district approach. Mr. Simon has reached out to the other superintendents in the Islip Cluster to gauge interest in a collaborative effort. The committee will set up a multi-district meeting during January, at which time it will decide which issues to attack.

The meeting adjourned at 8:35 p.m.
